STANDARD FURNITURE FINISH OPTIONS

DRESSED FINISH

A **DRESSED** finish is the standard finish we offer on all of our units.

DRESSED is a smooth surface achieved by hand rubbing to produce a flat matt surface

This is our standard finish and is included in the costs of our standard product range.

Dressed finish example

POLISHED FINISH (to top of unit only):

A **POLISHED FINISH** is a process which exposes a smooth finish to the concrete on to top face of the unit and exposes the aggregate underneath the surface (sides are Dressed finish). It can be used to show the different colours of aggregate within the concrete to great aesthetic effect.

Cost: add 15% of unit cost (e.g. if unit is £210 deluxe polish finish to top is £31.50, total £241.50)

polish finish example

TEXTURED FINISH OPTIONS

ACID ETCH FINISH

An **ACID ETCH FINISH** describes varying levels of texture applied by washing the units with varying concentrations of acidic solution. This can be from a light acid etch (similar to an ashlar sandstone/limestone finish) through to a heavier acid etch (similar to a picked/stippled finish).

Cost: add 2.5%* of unit cost (e.g. if unit is £210 acid etch finish is £5.25, total £215.25)

*Note Minimum £5 charge applies

EXPOSED AGGREGATE FINISH

An **EXPOSED AGGREGATE FINISH** uses various techniques to expose the aggregate to produce an interesting and colourful textured finish. Particularly useful to produce decorative solutions to slip hazards or anti vagrant criteria.

Cost: add 5% of unit cost (e.g. if unit is £210 exposed aggregate finish is £10.50, total £220.50)
